

## MoSCoW Prioritisation for HWA Project

### MUST HAVE

- Database for Player and Team
- Back-End with full CRUD functionality
- Front-End with full CRUD functionality

### SHOULD HAVE

- Ability to display the players in a team.
- Good User Interface
- More ways to search player/team (By IGN/Name)

### COULD HAVE

- Ability to set a player with no team when its team is deleted.
- Log in System

### WOULD HAVE

- Permission Control
